

All in: Life in community

Week three: Worship

Please use this space to take any notes that you wish and use it to help refresh your memory, spark thoughts or questions, and engage in discussion in small groups this week.

Review: Our working definition of community-The people of Jesus intentionally living life together.

The church (ekklesia) is the venue that God provides for us to experience life in community.

A healthy ekklesia leads to healthy community leads to a healthy ekklesia.

Another characteristic of a healthy ekklesia is worship.

Worship is a response

Therefore (because of)...offer your bodies as a living sacrifice

Everyone is worshipping something

Act justly, love mercy, walk humbly with your God
