

All in: Life in community

Week Eight: Commit

Please use this space to take any notes that you wish and use it to help refresh your memory, spark thoughts or questions, and engage in discussion in small groups this week.

Review: Our working definition of community-The people of Jesus intentionally living life together.

The church (ekklesia) is the venue that God provides for us to experience life in community.

A healthy ekklesia leads to healthy community leads to a healthy ekklesia.

A healthy ekklesia commits

Commitment Phobia

All in (everyone) to be all in (wagering everything) for life in community

We commit not to run away

We commit not to be lured away

We commit to not LET each other wander away
