Please use this space to take any notes that you wish and use it to help refresh your memory, spark thoughts or questions, and engage in discussion in small groups this week.

Review: Our working definition of community-The people of Jesus intentionally living life together.

The church (ekklesia) is the venue that God provides for us to experience life in community.

A healthy ekklesia leads to healthy community leads to a healthy ekklesia.

A healthy ekklesia serves

It's the mindset of Jesus (Philippians 2:3-8)

It's the teaching of Jesus (Mark 10:35-45)

It's the example of Jesus (John 13:1-17)

Within our ekklesia (Romans 12:3-8)

Outside of our ekklesia (Matthew 25:31-46)

What's below my paygrade?

A quiet life of service speaks loudly for Christ.
